

Joint Tenure Track Faculty Position in Accelerator Physics
Illinois Institute of Technology and Fermilab

The Division of Physics at the Illinois Institute of Technology is seeking applications for a tenure track position in accelerator physics at the level of Assistant Professor starting as early as June 2005. The position will be a joint appointment funded 50% by the Fermi National Accelerator Laboratory and 50% by IIT, with a commensurate reduction in the IIT teaching load. The successful candidate will be expected to contribute to FNAL's International Linear Collider research program, and to teach physics courses at the graduate and undergraduate level at IIT. A Ph.D. in physics is required, as is postdoctoral experience in beam physics. For full consideration, submit a curriculum vitae, a summary of research plans, a statement of teaching interests and philosophies, and a list of references to Prof. Christopher White, Chair, Accelerator Search Committee, Illinois Institute of Technology, 3101 S. Dearborn St., Chicago, IL 60616. E-mail: physics_search@capp.iit.edu. Applications will be accepted until the position is filled. *Illinois Institute of Technology and Fermilab are equal opportunity, affirmative action employers. Women and minorities are strongly encouraged to apply.*
