

FACULTY POSITION

EXPERIMENTAL HIGH ENERGY PHYSICS UNIVERSITY OF ILLINOIS, CHAMPAIGN-URBANA

The Department of Physics invites applicants for a full-time tenured or tenure-track faculty position in experimental high energy physics, beginning as early as August 2007. The UIUC Department of Physics has active programs in both experimental and theoretical high energy physics (see <http://web.hep.uiuc.edu/>). The successful candidate must have the ability to teach effectively at both the undergraduate and graduate levels and lead a vigorous and significant research program. Our existing experimental efforts include both collider physics (ATLAS, CDF, CLEO-c, ILC) and astrophysics (DES, LSST). A Ph.D. or equivalent is required. Minorities, women and other designated class members are encouraged to apply. Salary is open and will be commensurate with qualifications. Submission will be via the web (<https://my.physics.uiuc.edu/join/>). Applicants will submit a curriculum vita, a list of publications, a brief description of their research and teaching interests and plans, as well as names of three references who can provide letters of recommendation. If you do not have internet access, please contact the Physics Departmental Office, 217-333-3760, to make other arrangements for submitting your application. For full consideration, application materials must be received by January 15, 2007. The University of Illinois is an Affirmative Action/Equal Opportunity Employer.
